TO WHOM IT MAY CONCERN

Re: Van Rooyen Construction – Letter of Reference

On behalf of Al-Terra Engineering Ltd. I am very pleased to provide a letter of reference for Van Rooyen Construction who have worked with us as prime contractor on the "Strathcona County Snow Melt Facility" in Strathcona County. The project involved the construction of a 40 acre snow melt facility including grading, roadways and storm water facilities. Van Rooyen completing the grading component with over 200,000 m³ of excavation. As prime contractor, Van Rooyen managed the entire contract including the surfacing, underground, environmental and several other subcontractors.

This project had an aggressive schedule and Van Rooyen was able to construct this project on time while meeting all the testing requirements. Van Rooyen's expertise with equipment mounted GPS was instrumental in being able to meet the tight timelines. Both the office and field staff continually provided excellent communication from project initiation to project completion and our performance expectations were always met or exceeded.

We look forward to working with Van Rooyen Construction again on future projects and we would highly recommend that you consider Van Rooyen Construction Ltd for your project.

Regards,

Al-Terra Engineering Ltd.
